# 'Share, Discover, Grow' Conference Week 2018

Week Commencing Monday 1<sup>st</sup> October 2018

This year's annual conference will host a whole week of events.

Let's bring together colleagues and partners to share, discover and grow our Partnership. Let's showcase and collaborate with staff and communities at the "heart of change". We want to hear about challenges, how they are overcome and how we can spread that good practice. Let's create opportunities for partnership networking and collaboration, shared learning and innovation building. Let's be an organisation, looking after each other, to care for others.
