
Grampian-wide Mental Health and Learning Disability Services Consultation – Public Questionnaire

The three Integration Joint Boards (IJBs) and NHS Grampian are carrying out a Grampian-wide review of Mental Health and Learning Disability (MHL) Services with a view to developing a strategic plan to support the redesign and sustainability of services ahead.

The consultation document describes the process we have undertaken and sets out our vision, priorities and principles as well as key steps which need to be taken in terms of the way forwards.

To find out more about our proposed way forwards please scan the QR Code or use the link <https://bit.ly/2JApB0B> which will take you to our website. Here you will find the full MHL Consultation Document, a Summary Paper, and a copy of the ALLIANCE Engagement Report. You will also find an online version of this questionnaire.

7. Please tell us if you agree with the way forward outlined?

In summary, the way forward is outlined as:

- Improving knowledge of mental health in Grampian to promote self-management and self-directed support.
- Having a more joined up approach to supporting people in the community with better sign-posting of what support is available.
- Having a greater focus on preventative and early intervention services, and a continued focus on dementia as a national priority.
- Ensuring Care Pathways are clearly defined and Crisis Support is accessible 7 days.
- Having improved funding arrangements in place for the voluntary sector so they are able to 'play their part' and be appreciated as truly equal partners.
